

Corporate Social Responsibility

For GBR Solutions Ltd “Corporate and Social Responsibility” is about living the values and principles that govern the way we operate as an organisation and behave as individuals. It is about ensuring we sustain safe operations, have a positive impact on our people, the communities we work in and the wider environment and build the trust and respect of our customers and other stakeholders.

We recognise the impacts that we make on society, the economy and the planet, and we seek to make a positive difference in the places where we operate.

Occupational Health & Safety Management

For GBR Solutions Ltd the health, safety and wellbeing of our workforce and all others affected by our activities is our number one priority. In order for us to achieve our goal of industry leading health and safety performance we maintain Management Systems aligned to the ISO 45001:2018 standard and are certificated to the standard by a UKAS accredited certification body.

Given that we operate on the Network Rail infrastructure the requirements of Network Rail and Railway Group Standards are central to our processes and the requirements are integrated within our core management system.

Environmental Management

The understanding of the need for environmental protection forms an integral part of the GBR Solutions Ltd’s business philosophy. We are committed to protecting the environment and believe that our Company has a responsibility not to compromise the ability of future generations to sustain their needs.

To help us ensure our impact on the Environment is as low as possible we have implemented an Environmental Management System which is certificated to the ISO 14001:2015 standard by a UKAS accredited certification body.

Quality Management

The mission of GBR Solutions Ltd is to provide to its customers with services which meet their needs and vision and are delivered conforming to the Legislative, Manufacturers and Company’s Quality Specifications, producing a quality service whilst maintaining stakeholder satisfaction in a cost-effective manner.

Notwithstanding the above we shall strive to create an environment that stimulates innovative thinking and provide improvement with the Quality Management System. Maintain awareness of and apply where appropriate new developments in railway and civil engineering technology and business methods with our customers.

GBR Solutions Ltd maintains a Quality Management System certificated to ISO 9001:2015 by a UKAS accredited certification body.
